

## Announcing the ISO9001 and ISO14001 Certification of the AMC Nagoya Large Mass-Production and Research Complex

Elephantech Inc. ("Elephantech") is pleased to announce that, as of December 13 2021, the AMC Nagoya large mass-production and research complex where Elephantech manufactures its P-Flex® Flex PCB has achieved ISO9001 (quality management system) and ISO14001 (environment management system) international standards certifications.

While the company's Hatchobori headquarters where P-Flex® is developed had already achieved the ISO9001 and ISO14001 certifications, an update to these has led to their scope of application expanding to also include the AMC Nagoya large mass-production and research complex where P-Flex® is manufactured.

Elephantech will continue to strive for improvements in quality management so that an ever-increasing number of customers can relievedly use the company's environmentally friendly P-Flex®. Please feel free to contact Elephantech's P-Flex Sales Department or a distributor should you have any questions. Under the company mission of making the world sustainable with new manufacturing technologies, Elephantech will spare no effort to drive the electronics industry forward and is grateful for the continued support of its customers.
